**Veredus Corporation Named "A+ Employer"
By Atlanta Publication**

TAMPA, FL, December 1 --Veredus Corporation ("Veredus"), a Tampa, FL-headquartered technical staffing company and privately held firm, was named one of Atlanta's "Best Places to Work" by the *Atlanta Business Chronicle*. Veredus was ranked fourth in the Small-Employer Category by the publication.

Each year, the *Atlanta Business Chronicle*, in partnership with Quantum Market Research, surveys businesses and organizations to find those that have discovered the secrets to being one of the area's best places to work. The award, which cuts across industry lines, recognizes leaders in employee relations and management.

Veredus Corporation's Managing Director, David Brown, accepted the award on the firm's behalf at a special event held at the Georgia Aquarium.

"To be recognized as an 'A+ Employer' is incredibly gratifying," Brown said. "Our business is one of the few where your success depends substantially on the person sitting across from you."

Veredus employees appreciate Brown's leadership style. Said one in a survey for the Best Places to work program, "Not only does Veredus foster growth for the overall company, but for each individual as well."

Making the List

Atlanta Business Chronicle, in partnership with Quantum Market Research Inc., recently surveyed the metro area's businesses and organizations to find those that have discovered how to be among Atlanta's Best Places to Work. More than 200 companies participated. To find Atlanta's 2008 Best Places to Work, the *Chronicle* asked readers to nominate workplaces in metro Atlanta. Nominations were accepted during June through the *Chronicle's* Web site. From July to mid-August, employees of the nominated organizations filled out online surveys containing 37 questions about their work environment, co-workers and managers. All answers were evenly weighted using a six-point Likert scale (1=strongly disagree, 6=strongly agree).

Veredus is based in Tampa, but also has offices in Maitland, FL and Atlanta, GA and manages all types of technology staffing. The company stresses a quality, long term approach to staff augmentation. Many of the company's internal staffers have been with the company since its inception.

Veredus was founded shortly before September 11 and the subsequent recession of 2001. Since then the company has experienced year over year growth of approximately 38 percent per year. The company plans to continue with an aggressive growth strategy that will take them into the markets of Raleigh/Durham, NC, Washington, DC, Chicago, IL and many additional markets.

Veredus Corporation provides highly skilled professionals for contract and permanent placement in the discipline of Information Technology. With the core values of professionalism, integrity and world-class customer service, Veredus is committed to providing the highest caliber of staffing solutions and maintaining long term relationships with both its client and candidate partners.
