

# Advancing Business with People

- Contract
- Contract to Hire
- In-Source Projects
- Permanent
- Customized Staffing Solutions

## History

Founded in 2001, Veredus Corporation matches the highest quality professional candidates in Information Technology to companies where they can excel and meet objectives. Our proven process focuses on listening, consulting and seeking solutions in a timely manner. With extensive collective experience in the staffing industry and that of our markets we serve, our focus is on providing the best service.
